G3-M5-L10-11: These lessons could be consolidated. If consolidated use the lesson 11 Application Problem. Without the context of lesson 10, students should still be able to work with it.

G3-M5-L12: This lesson lends itself to a station rotation, but wouldn't need to be taught through this mode of instruction.

G3-M5-L13: This lesson could be omitted or used as extension for early finishers during a previous lesson.
