

G5-M5-Topic A

G5-M5-L1: This lesson could be consolidated with lesson 2. Consider using isometric drawings as an extension.

G5-M5-L2: As a lead-in to the problem set, consider providing a few problems like #1 of the Lesson 1 Problem Set.

G5-M5-L3: To scaffold into the Problem Set, provide a 3-unit by 2-unit by 2-unit rectangular prism that includes the same charts & graphic organizers as number 1 of the Problem Set.
