

G5-M6-Topic B

G5-M6-L7: There is a big complexity jump between #1 & #2 of the Problem Set. Consider providing another problem in which students only find whole numbers on a coordinate plane.

G5-M6-L8: As a lead-in to the Problem Set, consider giving the students a problem analogous to #1 of the Lesson 7 Problem Set.

G5-M6-L9: As a lead-in to the Problem Set, consider giving problems analogous to #1 of Lesson 7 & 8's Problem Set.

G5-M6-L10: As a lead-in to the Problem Set, consider giving students problems analogous to #1 of Lesson 7-9's Problem Set.

G5-M6-L11-12: Consider omitting, revising, using as a station, or extension activity.
