12:15 – 1:00
Lunch

1:00 – 2:30
Complete third grade module study

***

3:00 – 5:00
Third Grade Lesson Planning Workshop

The day will begin with a demonstration lesson, in which participants role-play as students, engaging in fluency activities, problem solving, white board exchanges, and lesson discussion. Pedagogical and classroom management strategies will be interwoven throughout the lesson. During the debrief, each stage of the balanced lesson structure will be discussed: *Fluency*, *Application Problem*, *Concept Development*, *Student Debrief*.

The remainder of the day will be a module study/workshop addressing the first four modules:

I. Properties of Multiplication & Division & Solving Problems with Units of 2-5 & 10
II. Place Value & Problem Solving with Units of Measure
III. Multiplication & Division with Units of 0, 1, 6-9, & Multiples of 10
IV. Multiplication & Area

***

The 3:00 – 5:00 session will be an interactive workshop that deeply examines an individual lesson. This workshop is designed to help teachers plan lessons throughout the school year.
